## Identification is Your Pet's Ticket Home

Here at the Dunn County Humane Society, we know that when properly identified, lost cats and dogs have a much greater chance of being returned home when safe guards are taken by pet owners.

Research indicates that approximately 22% of lost dogs that enter animal shelters are reunited with their families and, when properly identified, the return-to-owner rate is 52%. In contrast, less than 2% of lost sheltered cats are reunited with their owners. When cats are identifiable, the return-to-owner rate is dramatically higher at over 38%.

DCHS offers three types of identification for pets. They include:

**Low Cost Microchip Clinics** twice a year. A microchip is an identification tag that can't be removed. It is a little transmitter about the size of a grain of rice that is injected with a needle under the pet's skin between the shoulder blades. Each microchip contains data about the pet (such as name, owner, home address, veterinarian's name) and this information is entered into the national pet registry. Animal shelters, veterinarians, and animal control officers routinely scan for microchips and when the scanner detects the microchip number, contact is made with the national pet registry to locate the pet's owner.

At our Low Cost Microchip Clinics pet owners are charged only \$11 per microchip (including entry into the national pet registry). Microchips are also available throughout the year at DCHS for just \$30 (members receive a 1/2 price discount at the shelter). Initial funding for these clinics provided by the Community Foundation of Dunn County.

The Dunn County Humane Society also has a pet tag engraver on site. There are a variety of tag sizes and colors available to choose from and the process takes only a few minutes to complete. Pet tags are just \$8 and are an affordable means to identify your pet. Funding for our pet tag engraver was paid for through a generous grant from the Bissell Pet Foundation.

We also serve as a satellite location for City of Menomonie residents to obtain their pet licenses each year. This service provides convenience for working pet owners as the shelter is available for licenses evening and weekend hours.

#### Mission Statement

The Dunn County Humane Society (DCHS) is dedicated to improving the lives of companion animals in our community and finding permanent and loving adoptive homes for the animals in our care. DCHS promotes the humane treatment of animals and operates as a no-kill facility, a philosophy that has been with the organization from the beginning. We do not forfeit the life of one animal to make space for another. All incoming animals are evaluated, medically treated and rehabilitated when possible. DCHS is a 501(c)(3) non-profit organization that relies on the good will and generosity of individuals and corporations.

## Declawing Cats - The Painful Truth

Declawing is a question that is on our application and something we are passionate about not doing to any cat. I know a decade or two ago it was something we did because that is just "what you did" to cats that would be living indoors. As the years and decades have gone by, we have learned that this "simple and harmless" procedure is anything but. In fact, when declawed cats are surrendered or

the cat's foot, a functional and important part of their foot. Yes, I said amputation. Can you imagine? In order to declaw, the sensory and motor nerves in the cat's paw are cut along with ligaments and tendons. Recovery can be slow and there can be many long term effects such as litterbox issues, biting, phantom pain and arthritis.

Then how do I keep my cat from scratching my furniture, you may ask. There are many alternatives to declawing, the simplest being nail trims and scratching posts. Trimming a cat's nails every week or two keeps them short and blunt, and scratching posts give an appropriate place for their natural stretch and scratch instinct (at the shelter we notice that sisal rope posts and cardboard scratchers are feline favorites) - there is even catnip spray available that you can use to attract them to these. "Soft Paws" or nail caps that go over your cats nails with adhesive are also available, and you can even get them in fun colors! If you find that your cat is scratching where you would prefer they do not, double sided tape works quite well to deter scratching there.

returned to DCHS it is almost always due to issues known to stem from the procedure. In the US it is currently illegal in Maryland and California along with many cities across the country, and there are many veterinarians who simply will not do the procedure any longer.

It is becoming less common, but we do still receive adoption applications from people who intend to declaw for a variety of reasons. I have to believe if they really knew how it was done they would not consider doing it to their cat. The Cliff's Notes version is that declawing is an actual amputation of the first knuckle of

# Have a Healthy, Happy Holiday with Your Pets

If your furry companions are joining your holiday festivities, here's how you can celebrate safely.

## Holly, Jolly, and Safe!

While most pet owners are aware of the dangers of chocolate and candles, many other holiday items and products brought by guests can also be perilous for pets, including tinsel, medications, salt dough ornaments, xylitol, and alcoholic beverages.

## Party Time Precautions

Just like people, some pets are introverts and some are extroverts! A shy pet may benefit from a quiet place away from the party, and an excitable pet will be better behaved with some exercise before the celebrations begin. With guests entering and exiting, it can also be easier for pets to escape out the door. Always ensure your pet has a personalized ID tag with your name and phone number, and an up-to-date microchip.

## Travel Tips for Happy Tails

If you're hitting the road for the holidays, get your pet used to traveling in the car ahead of time. Tire out high-energy dogs before the ride, and give animals a toy or treat to help keep them occupied during the trip. A block of ice in a bowl can be a great alternative to a water bowl to keep your pet hydrated and reduce spills.

For safety info on-the-go, download the APCC Mobile App at [ASPCA.org/apcc-app](https://www.aspcapetcare.org/apcc-app) to help keep your pets safe at the holidays and all year long.

# BREWERY DOGS OF MENOMONIE

Our 2023 Brewery Dogs of Menomonie calendars are complete, printed and ready for purchase! This project was so much fun to put together - so many adorable dogs that we had the privilege to photograph. The top 12 photos were chosen by online and in person voting and those 12 are featured each month, but there were so many great pictures that we included everyone throughout the calendar!

If you would like to purchase a 2023 calendar (or 2 or 3!), you can find them here at DCHS, Brewery Nonic, Zymurgy Brewing Company, 6th Avenue Cidery, Tom and Jo's Bar, Hoof & Paw, Brakken Veterinary Clinic, Waggin' Tails and Golden Leaf Cafe here in Menomonie.

If you had pictures taken and have not yet had a chance to download them, you can still find the links for each photo day at [bit.ly/brewdogpics](http://bit.ly/brewdogpics). Photos will stay up until October 29th.

We are already looking into the 2024 calendar, so keep an eye out for information in the spring!

*We were deeply saddened to hear of the unexpected and untimely passing of our dear friend and supporter Pam Powers this summer. Her kind, caring presence will be greatly missed by many.*

*Pam and her beloved Odis*

# Join us at the Haunted Hillside for Halloween Fun!

Kayla Waterhouse started a Haunted Trail through the woods around her property in Menomonie around 2013 for friends and family to share some Halloween fun. In 2019 she opened it up to the public, asking for donations for DCHS instead of an entry fee. Food and a few vendors were added last year, and the Halloween fun continues to grow! It is now called The Haunted Hillside, and raises a lot of money and supplies for our shelter throughout the month of October. Check out The Haunted Hillside on Facebook for more details.
